“Let's Find Out What Our Members Really Want!”

Special Section 614 Working Meeting

February 2, 2010

Due to the devastating earthquake in Haiti, which has resulted in an urgent need for assistance from our initially planned speaker and her company (Jeanne Dillner/Surgical Implant Generation Network (SIGN), we have rescheduled that presentation to March 2nd. We look forward to hearing more about SIGN's work and philosophies at that time.

The Section's Leadership Team has decided to use the already scheduled February 2 time and location as a working dinner meeting, and we encourage other members to join us.

We will have the usual social/networking time (starting at 5:30 p.m.) and buffet dinner at the Shilo Inn/Richland.

Following dinner, we will solicit and discuss ideas in order to develop a survey regarding events and education opportunities that our members would like to see offered in the future.

All section members who are interested in participating are invited to attend this important meeting.
