

Summary of 2023 Section Business Plan Actions/Goals Completed

We completed - and in most cases exceeded - all planned activities/goals on our 2023 Business Plan. We completed and submitted all required reports/activities on or ahead of the due dates.

We held our first in-person section meeting (since March of 2020) in September of 2023; it was well-received. We also held eight (8) virtual section meetings in 2023.

We are especially proud of how many other ASQ section and division virtual meetings and events we promoted and encouraged our members to participate in during 2023, as well as of our section's high-quality monthly newsletters which serve as our primary vehicle for communicating with section members. Numerous articles about quality and related resources, training, certifications, meetings, conferences, etc., are shared in our monthly newsletters.

Although our overall section membership declined slightly, due to retirements and relocations, we did gain six (6) NEW members during the year.

We look forward to continuing to provide value to our members in the coming year!
