

Jillian Connolly

Secretary

Jillian "Jill" Connolly is a Project Coordinator with continuous healthcare experience since 2014 and dedicated to the culture of patient safety at Samaritan Healthcare in Moses Lake, Washington, since 2018.

Passionate about customer service and quality improvement, and driven to continual learning and improvement, Jill will complete her Master's of Business Administration from Southern New Hampshire University in the Fall of 2023, 15 years after completing her Bachelor's of Administration Degree from Washington State University.

When not at work, Jill enjoys spending time with her significant other, Dave, out riding horses, preparing for her next barrel race, reading, or learning crochet amigurumi (stuffed animals, which their three Labradors are convinced are made just for them).
