**Steven English**

**Coach, Trainer, Speaker and Consultant**

These days it is hard to get people to pay attention in any meeting, but when people are not in the same room, it can be especially difficult.

At this time, virtual meetings are a must if you want to build productive, cohesive, and connected remote teams. But keeping your team engaged during a remote meeting can be tough.

While the basics of a good meeting are well known, transitioning to a virtual format can be challenging. While many of us have had plenty of practice in the past year, most of us would probably admit that many such meetings can be boring and lack intentional engagement.

Presenter Steven English will deliver some great tips and tricks of what to do before, during and after your virtual meeting. You can expect to leave the webinar with a handful of actionable nuggets of information that you will be able to put into action at your next meeting.

If you are wondering how to make remote meetings more engaging, this webinar is for you.

*About the Speaker:* Steven English is an ICF Professional Certified Coach and experienced trainer, specializing in Careers and Communications. He is a 20-year veteran of the semiconductor industry, with an emphasis in quality and reliability.
